

OFFICE OF THE DIRECTOR

DATE:

June 7, 2024

TO:

The Honorable Josh Shapiro
Governor
Commonwealth of Pennsylvania

FROM:

Randy Padfield
Director, PA Emergency Management Agency

TIME PERIOD:

This report covers the period from 0600 hours, June 6, 2024, through 0600 hours, June 7, 2024.

STATUS REPORT: (as of 0600 hours)

THREAT STATUS:

National Terrorism Advisory System: There are no current advisories.

Commonwealth Response Coordination Center (CRCC) Status: Normal Operations

County EOC Activations: None

Municipal EOC Activations: None

CAPABILITIES STATUS:

PA All-Hazards Type-3 Incident Management / Team – Mission Capable
PA-Task Force 1 (PA-TF1) – Mission Capable

INFRASTRUCTURE STATUS:

Major Road Closures:	None
Power Outage Reports:	As of 0555 hours, 906 customers
Telephone Outage Reports:	None

SIGNIFICANT EVENTS:

OPEN:

911 ISSUES – Statewide, 6/5/24 - Adams, Cumberland, Franklin, and Perry County 911 centers experienced telephone issues. No ANI/ALI (Automatic Number Identification/Automatic Location Identification) information was available for incoming 911 calls. Cumberland and Franklin could not make outbound calls on their administrative and 911 lines. Calls to 911 in Adams and Franklin Counties were bouncing between the two 911 centers. Perry County reported ANI/ALI issues. The utility Brightspeed reported that a router malfunction caused the issues. They advised that routers across the Commonwealth were affected. Contiguous counties did not report any problems. The issue has been resolved in Cumberland and Franklin Counties. Adams County is still having sporadic issues with ANI/ALI and call routing, and Perry County is still having ANI/ALI issues. Brightspeed continues to troubleshoot the problem.

MISSING PERSON - Huntingdon County, 6/5/24 - Units are searching for a 60-year-old male, possibly suffering from dementia who has been missing since Wednesday morning, 6/5/24. He was last seen at his home on the 1900 block of Washington Avenue in Huntingdon Borough. The search was suspended overnight and will resume in the daylight.

WATER LEAK – Lancaster County, 6/1/24 - A 3/4" cap on a water line broke on the 3rd floor of the Lancaster County Government Building, 150 North Queen Street in the City of Lancaster. The leak caused water damage to the 3rd floor as well as the floors below. A damage assessment was conducted by the Emergency Management staff, the County Facilities Director, and Complete Restoration. On 6/2/24, the County Commissioners decided to close the government center on Monday, 6/3/24, while evaluation of water damage in the building continues. The facility plans to reopen to the public on 6/10/24.

ADVERSE WEATHER STATEWIDE - PA STATEWIDE, 5/27/24 - Severe storms crossed the Commonwealth on Sunday, 5/26/24, and Monday, 5/27/24, which downed trees and utility lines and damaged some roofs. Tornado warnings for Schuylkill and Lancaster counties were issued Monday evening and expired at 2100 hours. A probable tornado touched down in Mahanoy City, Schuylkill County; however, it has not been confirmed by the National Weather Service. Downed trees and utility lines, along with some roof damage, were reported in the Mahanoy City Borough and Mahanoy Township areas. Mahanoy City Borough and Mahanoy Township both have verbally issued Declaration of Disaster Emergencies. A damage assessment will be conducted in the morning on 5/28/24. An American Red Cross shelter trailer was brought to the Mahanoy City Fire Company. It is unknown how many residents took advantage of the shelter. Severe roof damage, window damage, and water damage were reported at the Mahanoy Area School Complex. The Mahanoy Area School District was closed on 5/28/24. On 5/28/24, the National Weather Service in State College confirmed an EF1 tornado with maximum estimated wind speeds of 90 mph occurred in Mahanoy City during the evening of 5/27/24. The tornado uprooted trees, lofted roof shingles and pieces of wooden debris, and damaged siding on several homes. Several windows at the Mahanoy Area Elementary School were also damaged. The county reported that the shelter at the fire company closed this morning. Seven residents sheltered there until their power was restored sometime around midnight last evening. No injuries were reported in the borough.

CHEMICAL FIRE – Greene County, 5/20/24 - Emergency units responded to a chemical fire at the Consol Energy Enlow Fork Mining facility located at 322 Enon Church Road, Richhill Township. A 100x100, three-story building was fully involved and contained an unknown amount of diesel fuel and an unknown "frother". Multiple mutual aid companies responded, including non-AFFF foam units from Washington and Greene counties. Emergency responders from the PA Department of Environmental Protection's (DEP) Southwest Regional Office's (SWRO) Emergency Response Team were on scene. Greene County requested that PA DEP conduct air monitoring on PA-18 from the village of Nineveh to PA-231. PA DEP contacted the

Environmental Protection Agency (EPA) for dust tracks and AreaRAE monitoring, which the EPA is providing. All county emergency crews have cleared the scene. Air monitoring operations continue.

ROAD CLOSURE DUE TO SUBSIDENCE – Cambria County, 4/25/24 - An engineer for West Taylor Township contacted the county EMA about subsidence of the roadway in the 100 block of Batzel Road. Emergency management staff responded and noted considerable subsidence of the roadway. This is reportedly an ongoing issue where the township lays down new asphalt as a temporary measure. Electrical service and a cable line are pulled tight between the nearby residence and a utility pole which seems to have shifted. There is also considerable twisting of the guardrail. Cement barriers will be requested to close the roadway. There are no residents that are currently affected by this closure. There will be a minor detour for emergency vehicles. Engineers are working with the township to develop a long-term repair plan.

TRAIN DERAILMENT – Columbiana County, Ohio, 2/3/23 - On 2/3/23 at 2130 hours, mutual aid crews from Beaver County responded to a train derailment near Taggart Street, East Palestine, Ohio. Approximately 53 railcars derailed and some of them caught fire. There were five cars of vinyl chloride within the wreckage. Around 2330 hours a call was received from an Environmental Protection Agency (EPA) Region 3 representative, and they advised there was no current impact to PA. EPA Region 5 and Ohio EPA set up air monitoring equipment and they also used handheld monitors, and nothing was detected. Members of the PA Department of Environmental Protection (DEP) Southwest Regional Office were also onsite monitoring through daylight and maintained a presence until there was no threat to PA. An IMAAC model showed a potential impact to residences in PA if harmful chemicals were released from any of the derailed cars. Beaver County EMA Coordinator reported that they followed Columbiana County, Ohio's lead and a message was sent out to 16 registered users in the one-mile zone to shelter in place. Ohio later changed their message to an evacuation, but Beaver County remained as a shelter-in-place due to no residences being impacted. Shell Monaca was provided green foam to help extinguish the fires. Clean-up contractors from SPSI and Hepaco responded to the scene. The shelter-in-place order remained in effect for Beaver County. Beaver County sent tankers from nine departments and an engine to assist in drafting from a lake in town once the railroad deemed it was safe. As of 2/5/23, Columbiana County, Ohio EMA recommended a one-mile evacuation around the incident due to one of the vinyl chloride rail cars showing a temperature increase. This included the 10 homes that were sheltering in place within Beaver County. On 2/6/23, all 20 homes in the PA evacuation zone were evacuated. Beaver County Animal Response Team (CART) requested assistance for trailers from Washington and Westmoreland counties to assist with the evacuation of farm animals from Kindred Spirits Rescue Farm. The recommended evacuation zone remained at one mile. The Pennsylvania Emergency Management Agency (PEMA) ordered a partial activation of the Commonwealth Response Coordination Center (CRCC) at 1100 hours and Beaver County Emergency Operations Center (EOC) partially activated. A planned controlled detonation was performed to empty five rail cars into a trench to burn off the vinyl chloride. Norfolk Southern established a Family Assistance Center for affected residents in New Waterford, Ohio; Beaver Valley Intermediate School remained open. On 2/7/23, the plume from the controlled detonation on 2/6/23 dissipated with no significant air detection identified by EPA Region 3 or PA DEP. Norfolk Southern conducted wrecking operations of damaged cars at the sight. Normal readings were reported by the Ohio Civil Support Team after monitoring the inside of three residences. The Ohio Department of Natural Resources reported approximately 1,800 fish killed within the streams and creeks that were affected. Air monitoring continued and there were no contaminants or concerns. The PEMA CRCC demobilized on 2/8/23 at 1600 hours. All roads that were closed in PA, including PA-51, were reopened. The Beaver County EOC deactivated at 1200 hours on 2/10/23. A public inquiry

line remains operational. On 2/14/23, the EPA identified three other chemicals that were part of the train. They continued to monitor the air and waterways for contamination. On 2/23/23, PEMA, in conjunction with the Departments of Health (DOH) and Environmental Protection, launched a website to provide information to Commonwealth residents about the derailment. On 2/28/23, the Pennsylvania Department of Health opened a Health Resource Center in Darlington Township, Beaver County for residents of Beaver and Lawrence counties who have health concerns following the Norfolk Southern train derailment. On 3/1/23, door-to-door surveys were conducted for 22 households within the 1-mile evacuation zone. Additional discussion led to a decision to do CDC outreach (door knocking) within the 2-mile radius in Pennsylvania, which began on 3/2/23. Approximately 450 healthcare providers participated in three webinars conducted on 2/28/23 and 3/1/23 for major medical providers in the Southwestern Region. Sample testing and review on Norfolk Southern soil sampling continued by Commonwealth agencies. The EPA Region 3 Director accompanied by staff, Pennsylvania Senator Casey, and Representative Deluzio toured the site on 3/2/23. On Monday, 3/6/23, Pennsylvania Governor Shapiro announced that Norfolk Southern has agreed to pay Pennsylvania millions of dollars for the impacts of the train derailment. Norfolk Southern agreed to reimburse local fire departments to replace contaminated or damaged equipment used during the response to the derailment, to provide funds for a Community Relief Fund to be run by officials in Beaver and Lawrence counties, and to reimburse state agencies (DEP, DOH, and PEMA) for associated costs. Norfolk Southern collected soil samples with representatives from the EPA present. Removal of the train tracks closest of Pennsylvania began over the weekend and was completed 3/5/23. Excavation of the contaminated soil began, and odors were expected to be released into the air. Air monitoring was increased during the process which is expected to take at least three to four days depending on the depth of the contaminants in the soil. The EPA requested Norfolk Southern to provide additional financial assistance to residents within one mile of the derailment site if they are impacted by the odors released during the excavation of the soil which the company has agreed too. Pennsylvania state agencies supported another East Palestine Community Resource Fair this Thursday at the East Palestine High School. Beaver County coordinated a separate Community Resource Fair for Pennsylvania residents for the following week which the state agencies supported. U.S. Senator Bob Casey completed a quick tour and talk at the Health Resource Center Monday morning. A Norfolk Southern contracted company sampled 16 private wells in Pennsylvania. DEP sampled 27 private wells in the area as of Monday with more sampling expected 3/7/23. On 3/8/23 DHS coordinated a call with Beaver and Lawrence counties about the possibility of applying for a Substance Abuse and Mental Health Services Administration (SAMHSA) Emergency Response Grant (SERG) to provide funding for additional behavioral health services that may be required following this incident. DOH and PEMA also participated in the call. Excavation work at the site was temporarily stopped due to elevated readings and release of odor. The excavation of the soil at the south tracks of the derailment site was mostly complete. As of 3/13/23, Norfolk Southern was waiting on soil samples to come back from the elevated spots that were detected. Due to contaminants being detected during the initial excavation at two to four inches, additional sampling was done at 12 to 15 inches to make sure all contaminated soil is removed. Soil excavation for the north track was still in the planning process. As of 3/16/23, the excavation of the soil at the south tracks of the derailment site was completed. The Health Resource Center (HRC) completed its final daily operational period at 1400, 3/16/23. The HRC moved to operations on Thursdays beginning 3/23/23. Excavation of the north track and removal of contaminated soil and water continued. OSHA joined the on-site operations to provide support to the safety officer and ensure that the community and personnel are safe during operations. EPA Region 5 conducted an information session focused on air quality and air monitoring on 4/27/23. EPA Region 5 conducted an information session focused on surface water on Thursday, May 11, at the Way Station and First United Presbyterian Church in East Palestine. As of 6/27/23, excavation underneath Pleasant Drive was complete, and the roadway was opened for traffic on 6/28/23.

Contamination underneath the north and south tracks was removed, and both tracks are fully operational. As of 7/11/23, surface and ground water sampling plans for the remainder of the cleanup have been approved by EPA. In addition, gravel was laid on the turnaround on East Martin Street in preparation for asphalt to help control erosion and dust. A site storm water inspection was conducted, and additional storm water controls were put into place to improve the existing storm water management plan. EPA hosted a site progress information session on 7/20/23 at the First United Presbyterian Church in East Palestine. Activities are ongoing. As of 7/31/23, Norfolk Southern offered help with indoor cleaning for homes and business for those within the one-to-two-mile Ohio-Pennsylvania evacuation zone. As of 3/22/24, the EPA and PA DEP continue to monitor wells in the area.

CLOSED:

911 CELL CALL ISSUES – Westmoreland County, 6/6/24 – Westmoreland County 911 had issues with incoming cell phone calls. The calls had a static filled connection when incoming but were clear on call back. Administrative lines were not affected. The county operated under otherwise normal conditions. Adjacent counties had no issues. Comtech technicians addressed the problem.

MEPA – YORK COUNTY – 6/6/24 – A MEPA was issued by the Southern Regional Police Department for a 67-year-old white female, last seen in the 100 block of Bailey Avenue in Stewartstown Borough at 1130 hours on 6/5/24. She was located safe.

FIRST AMENDMENT ACTIVITY – Allegheny County, 6/2/24 – Officers with the City of Pittsburgh Police Department and PSP assisted the University of Pittsburgh Campus Police with a pro-Palestine protest at the Cathedral of Learning, 4200 Fifth Avenue in the City of Pittsburgh. Approximately 50 protesters established an encampment with wooden barricades, fencing, and tents, stating their intent to reestablish the Gaza Solidarity Movement. The group attempted to either set fire to or breach a door at the Cathedral of Learning but was otherwise civil. Police were surrounded at one point and requested city-wide assets for assistance. The city SWAT team mobilized, and a mobile command post was activated for several hours. One University of Pittsburgh officer was injured but refused treatment. One female protestor sustained a laceration on her head. One non-student was arrested.

APARTMENT BUILDING FIRE – Montgomery County, 5/30/24 - An apartment building fire occurred at the Robert P. Smith Towers, 501 East High Street in Pottstown Borough. The building is a low-income, nine-story, 80-unit Montgomery County Housing Authority apartment building. The fire started in a fifth-floor apartment. The building had 60 occupied units. 60–70 residents were displaced, and all were housed in local hotels. The Montgomery County Emergency Operations Center was activated to Level III (Watch Desk) during the incident and deactivated later the same day. Five injuries, including burns and respiratory issues, were reported. Other than the originating apartment, the building was fully reoccupied on 6/6/24.

911 OUTAGE - PA WESTERN AREA – 5/27/24 - 911 services in Clarion, Erie, Jefferson, and Warren Counties were impacted when routing errors were discovered. Comtech routed all Northern Tier Public Safety Answering Points (PSAPs) to their administrative lines, and testing showed calls were routing correctly. 911 services were restored through B-side nodes for all impacted northern-tier counties. Comtech found that the A-side nodes were receiving errors from the CHE vendor that stopped calls from failing to the B-side. All service was restored to counties on the same day, but malfunction analysis continued for several days.

ADVERSE WEATHER – PA STATEWIDE, 5/25/24 - Two thunderstorm systems crossed the Commonwealth resulting in Severe Weather Warnings being issued for multiple counties. Flash Flood Warnings were issued for Fayette and Greene Counties. Tornado Warnings were issued for Beaver, Washington, and Allegheny counties, and an EF0 tornado was confirmed to have touched down at Raccoon State Park in Beaver County. The Wellspan Hospital in Waynesboro, Franklin County, was placed on divert when the emergency room lost power for approximately 90 minutes. Roads were closed due to flooding and downed wires and trees, but no injuries were reported. Power outages peaked at 7,506.

FIRST AMENDMENT ACTIVITY – Philadelphia County, 5/18/24 - The Drexel University Police Department and Philadelphia Police Department monitored first amendment activity on the university's Korman Center Academic Quadrangle located in the 3200 block of Market Street in the City of Philadelphia. Approximately 75 protestors established a tent encampment. Police surrounded the encampment with barricades, and people were allowed out, but not in. An additional 40 protestors were outside the barricaded area. Drexel University activated their Emergency Operations Center (EOC) for several days, and a campus lockdown was issued for much of that time. The protest was peaceful, and additional marches occurred the next day. The encampments were cleared in the early morning hours of 5/23/24 after prior notice was given. There were no reported arrests or injuries.

RAILROAD INCIDENT – Northampton County, 3/2/24 - A train derailment occurred in the 2200 block of Riverside Road in Lower Saucon Township when three Norfolk Southern trains collided. The accident occurred when train #24X-01, traveling eastbound, was rear ended by train #268H. Train 19G-01, travelling westbound, then collided with cars that had derailed. Multiple cars and locomotives derailed, and two of the locomotives came to rest in the Lehigh River. Several train crew members were rescued by local emergency crews. Approximately 340 gallons of diesel fuel leaked, with 50 gallons entering the river. The fuel was contained with booms. Several cars contained HazMat substances, but none were breached, and no other Hazmat issues were reported. 306 tons of contaminated dirt was removed, and riprap stone was placed to stabilize the hillside. All cars were removed by 6/5/24, and scrapping operations were completed the same day. All operations were completed on 6/6/24. There were no evacuation or shelter in place orders, and no injuries were reported. The Northampton County EOC was activated to an enhanced level, and county officials were assisted by Lehigh County HazMat, NTSB, Norfolk Southern Police and HazMat, Lewes Environmental, and PA DEP. All recovery operations are complete.

DISASTER DECLARATIONS:

5/11/24 - Union Township, Washington County has issued a Declaration of Disaster Emergency due to adverse weather.

4/23/24 - Hopewell Township, Beaver County has issued a Declaration of Disaster Emergency due to adverse weather.

4/18/24 - South Buffalo Township, Armstrong County has issued a Declaration of Disaster Emergency due to adverse weather on 4/11/24 and 4/12/24.

4/11/24 - Canton Township, Washington County has issued a Declaration of Disaster Emergency due to adverse weather.

4/11/24 - Oakdale Borough, Allegheny County has issued a Declaration of Disaster Emergency due to adverse weather.

4/10/24 - Jefferson Township, Greene County has issued a Declaration of Disaster Emergency due to adverse weather.

4/10/24 - Jackson Township, Greene County has issued a Declaration of Disaster Emergency due to adverse weather.

4/10/24 - Perry Township, Greene County has issued a Declaration of Disaster Emergency due to adverse weather.

4/10/24 - Wayne Township, Greene County has issued a Declaration of Disaster Emergency due to adverse weather.

4/10/24 - Center Township, Greene County has issued a Declaration of Disaster Emergency due to adverse weather.

4/9/24 - Aleppo Township, Greene County has issued a Declaration of Disaster Emergency due to adverse weather.

4/8/24 - Washington Township, Greene County has issued a Declaration of Disaster Emergency due to adverse weather.

4/8/24 - Richhill Township, Greene County has issued a Declaration of Disaster Emergency due to adverse weather.

4/5/24 - Gilmore Township, Greene County has issued a Declaration of Disaster Emergency due to adverse weather.

4/4/24 - Nippenose Township, Lycoming County has issued a Declaration of Disaster Emergency due to adverse weather.

4/4/24 - Deemston Borough, Washington County has issued a Declaration of Disaster Emergency due to adverse weather.

4/4/24 - Marianna Borough, Washington County has issued a Declaration of Disaster Emergency due to adverse weather.

4/3/24 - Red Stone Township, Fayette County has issued a Declaration of Disaster Emergency due to adverse weather.

4/3/24 - German Township, Fayette County has issued a Declaration of Disaster Emergency due to adverse weather.

4/3/24 - Brownsville Borough, Fayette County has issued a Declaration of Disaster Emergency due to adverse weather.

4/3/24 - Bentleyville Borough, Washington County has issued a Declaration of Disaster Emergency due to adverse weather.

4/3/24 - Punxsutawney Borough, Jefferson County has issued a Declaration of Disaster Emergency due to adverse weather.

2/13/24 – Millersburg Borough has issued a Declaration of Disaster Emergency due to power outages affecting independent living facilities and apartments on 2/13/24.

9/25/23 – Blawnox Borough, Allegheny County has issued a Declaration of Disaster Emergency due to a water main break and damages to Freeport Road.

9/23/23 – Oxford Borough, Chester County has issued a Continuation of the Declaration of Disaster Emergency due to the multi-building structure fire on 9/13/23.

9/19/23 – Fairchance Borough, Fayette County issued a Declaration of Disaster Emergency due to a dam issue that has caused or threatens to cause injury, damage, and suffering to the persons and property of Fairchance Borough on or about 9/19/23.

9/14/23 – Oxford Borough, Chester County has issued a Declaration of Disaster Emergency due to the multi-building structure fire on 9/13/23.

9/13/23 – Clifford Township, Susquehanna County issued a Declaration of Disaster Emergency due to adverse weather on 8/18/23.

9/10/23 – Lackawanna County has issued a Declaration of Disaster Emergency due to the severe thunderstorms and flooding of 9/9/23 through 9/10/23.

08/24/23 – Forest Lake Township, Susquehanna County, issued a Declaration of Disaster Emergency due to adverse weather on 8/18/23.

08/23/23 – New Milford Township, Susquehanna County, issued a Declaration of Disaster Emergency due to adverse weather on 8/18/23.

08/23/23 – Harford Township, Susquehanna County, issued a Declaration of Disaster Emergency due to adverse weather on 8/18/23.

08/23/23 – Susquehanna Depot Borough, Susquehanna County, issued a Declaration of Disaster Emergency due to adverse weather on 8/18/23.

08/18/23 – Rush Township, Susquehanna County, issued a Declaration of Disaster Emergency due to adverse weather on 8/18/23.

08/18/23 – Susquehanna County issued a Declaration of Disaster Emergency due to adverse weather on 8/18/23.

8/14/23 – Plum Borough, Allegheny County, issued a Declaration of Disaster Emergency due to a house explosion on 8/13/23.

6/16/23 – West Caln Township, Chester County issued a Declaration of Disaster Emergency due to adverse weather and storm damage throughout the township on 6/16/23.

6/12/23 - Governor Josh Shapiro issued a proclamation of disaster emergency for Philadelphia County in response to the I-95 fire and collapse on 6/11/23. The governor's proclamation makes \$7 million of state funds immediately available for the reconstruction of the roadway and authorizes the Pennsylvania Emergency Management Agency, the Department of Transportation, and the Pennsylvania State Police to use all available resources and personnel,

as necessary. This proclamation will remain in place for 21 days, unless extended by the Legislature.

9/10/21 - The Honorable Tom Wolf, Governor of the Commonwealth of Pennsylvania, requested a major disaster declaration from the President through the Federal Emergency Management Agency to provide additional support for state, county and municipal governments, and individuals affected by the remnants of Hurricane IDA between 8/31/21 and 9/5/21. The declaration includes Individual Assistance to individuals and households in Bucks, Chester, Delaware, Montgomery, Philadelphia, and York counties, and assistance under the Hazard Mitigation Grant Program in all areas of the Commonwealth. Public Assistance is under review. The President approved the declaration on 9/10/21 under Major Disaster Declaration FEMA-4618-DR. 9/24/21 – Amendment No. 1 designates Bedford and Northampton counties for Individual Assistance. 10/8/21 – Amendment No. 2 designates Bucks, Chester, and Montgomery counties for Public Assistance (already designated for Individual Assistance). 10/14/21 – Amendment No. 3 designates Bedford, Philadelphia, and York counties for Public Assistance (already designated for Individual Assistance). Plus, Fulton, Huntingdon, Luzerne, and Schuylkill counties for Public Assistance. 10/20/21 – Amendment No. 4 designates Delaware County for Public Assistance (already designated for Individual Assistance), and Dauphin County for Public Assistance.

8/31/21 - The Honorable Tom Wolf, Governor of the Commonwealth of Pennsylvania, signed a statewide Proclamation of Disaster Emergency on 8/31/21 in response to severe weather event Hurricane Ida that impacted the Commonwealth of Pennsylvania causing widespread threats of serious flash and riverine flooding and other adverse impacts throughout the Commonwealth.

3/30/20 - Governor Tom Wolf requested a major disaster declaration from the President through the Federal Emergency Management Agency to provide additional support for state, county and municipal governments and certain nonprofits, as well as individuals who are struggling during the COVID-19 outbreak. The request for a major disaster declaration will provide the same emergency protective measures available under the nationwide emergency proclamation; the following Individual Assistance programs: Disaster Unemployment Assistance, Crisis Counseling, Community Disaster Loans, and the Disaster Supplemental Nutrition Program; and Statewide Hazard Mitigation. The President approved the declaration on 3/30/20 under Major Disaster Declaration FEMA-4506-DR.

11/27/18 – A Major Disaster Declaration was declared on 11/27/18 for severe storms and flooding that occurred 8/10/18 – 8/15/18. Public Assistance (Cat A-G) was approved for Bradford, Columbia, Lackawanna, Lycoming, Montour, Northampton, Schuylkill, Sullivan, Susquehanna, Tioga, and Wyoming counties. In addition, all areas in the Commonwealth of Pennsylvania are eligible for assistance under the Hazard Mitigation Grant Program. The designation is FEMA-4408-DR.

CONTIGUOUS STATE EVENTS OF POTENTIAL INTEREST TO PENNSYLVANIA:

Delaware:	Normal Operations
Maryland:	Partial Activation - Francis Scott Key Bridge Collapse
New Jersey:	Normal Operations
New York:	Normal Operations
Ohio:	Normal Operations
West Virginia:	Normal Operations

24-Hour Projected Weather Statewide:

National Weather Service, 0406 hours, 6/7/24

A relatively cool and breezy stretch of weather in the Commonwealth will last through the weekend and into early next week with periods of showers this afternoon and again on Sunday and Monday.

Temperatures will average near or below the historical average. for early June during this stretch before trending warmer. especially during the latter part of next week.

WATCHES AND WARNINGS:

None

TROPICAL WEATHER OUTLOOK:
